

Home Office Bundle Setup Instructions

There are two boxes in front of you:

A

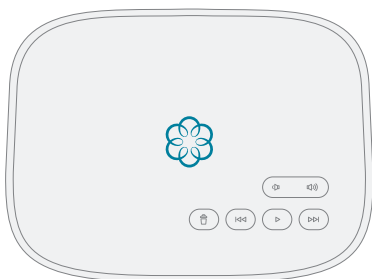

B

STEP 1

Activate your Ooma phone service

Unbox the Ooma Telo **A** and activate your service by visiting ooma.com/activate. Refer to the included quick start guide for detailed instructions.

Wait until LED on the center of your Telo is solid blue (may take up to 30 minutes)

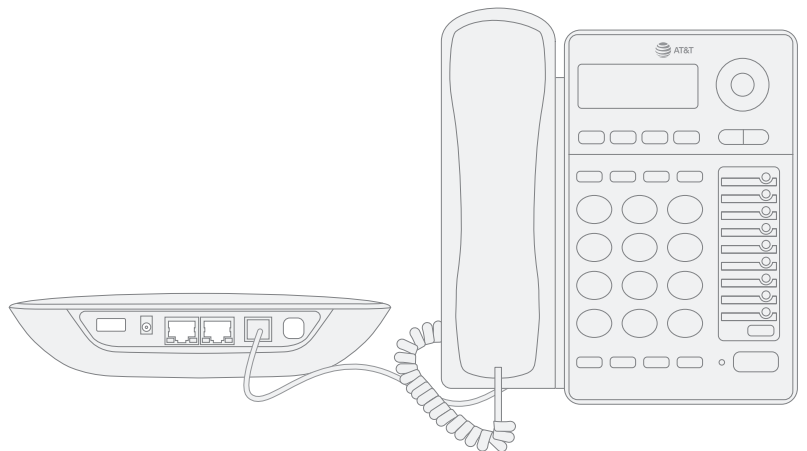

STEP 2

Connect the AT&T phone to the Ooma Telo

Unbox the AT&T phone **B** and connect Ooma Telo to the phone in one of the two ways:

■ Option A: Phone is near modem/router

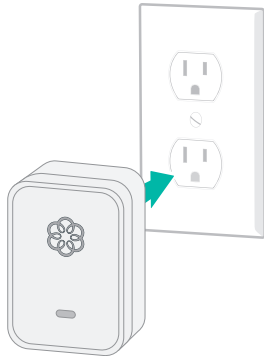

If your Internet modem/router is in the same room, where you plan on placing the phone

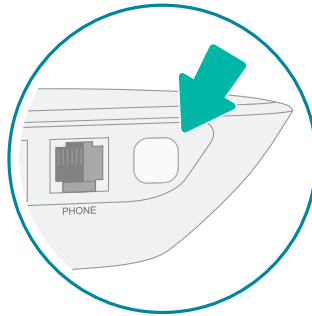

Connect AT&T phone to Telo via the telephone cord

■ Option B: Phone is not near modem/router

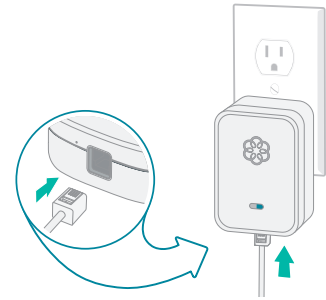

If your Internet modem/router is in a different room from where you plan on placing the phone, you will need to use Linx

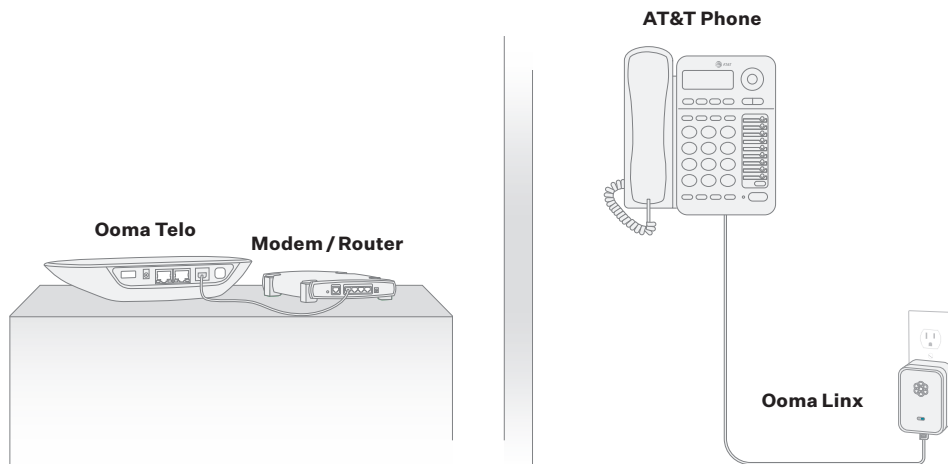

b-1
Plug Linx to the power source

b-2
Pair Linx with Telo by pressing the Page button on the Telo for 3 seconds

b-3
Connect AT&T phone with Linx via the telephone cord

b-4
Telo, modem / router, AT&T phone, and Linx setup

STEP 3 Start making calls!

- Your Ooma service comes with many additional functions, such as a block list, 911 alerts to notify loved ones, voicemail forwarding, enhanced Caller-ID and more (visit [ooma.com/home-office-bundle](https://www.ooma.com/home-office-bundle) for additional information)
- Access call history, voicemails, and advanced settings at my.ooma.com on your computer
- Download the Ooma Home Phone app on your iOS or Android device to make calls and check voicemails on the go
